

mBIT Coach Certification

Tapping into the wisdom of your head, heart & gut

12th—15th July 2018

Glenroyal Hotel, Maynooth,

Co Kildare

What are YOU doing from 12th to 15th July 2018?
We'll be at the mBIT Coach Certification training in Ireland
learning about mBraining and *you are invited to attend too!*

What is mBIT?

mBIT can help you to make truly wise decisions and take gutsy action. In times of change mBIT can help you stay in the flow and align your actions, thoughts and feelings.

Isn't it interesting that the latest findings in Neuroscience has proven ancient wisdom that we have not only one, but three brains! In addition to the brain in the head, we also have a brain in our heart and in our gastrointestinal system. These brains communicate with us in three different ways. We don't always know how to listen to them, have them work together in flow to help us make more effective decisions and take courageous action in business, coaching and our personal life.

Enter Grant Soosalu and Marvin Oka, who have created a powerful model, **multiple Brain Integration Techniques (or mBIT for short!)** for accessing the intelligence in all three brains, aligning the wisdom and using it optimally for the best possible results in your work and personal life! Sounds wonderful, doesn't it? So, how and when is mBIT useful?

Why mBIT?

Have you ever

- Been pulled between your head telling you one thing and your heart another?
- Or experienced a time when your heart and head were directing you towards something but you just couldn't work up the courage to take action?
- Or maybe you've been struggling to make clear decisions?
- Or had an internal conflict between thoughts, feelings and behaviours?
- Or feel that you are not fully in tune with the real you?

If you, or those you work with, have ever experienced any of the above it is likely that your three brains are not fully aligned. What if you could learn a simple process to assist you, those you work with align and integrate your head, heart and gut wisdom?

Who is this for? **mBIT is for anyone who enjoys working with people.**

Are you a coach, trainer, mentor, manager, teacher, therapist, consultant and enjoys developing your skills? Someone who already knows the basics of working with people? If yes, we build on that knowledge and give you a deep understanding of the mBIT toolkit that you can adapt to your own field of work. mBIT tools can be used on their own or as a complement to a variety of other tools and techniques.
